CACHING IN ON SUMMER FUN!

SUMMER
GEOCACHING
ADVENTURE
JUNE 13 – SEPT. 24,
2011
BY APPOINTMENT ONLY

For the Summer Geocaching Adventure, Patterson Farm Market & Tours, Inc. has 7 caches buried on the farm. Teams can compete to see who can find all the caches first.

The Summer Geocaching Adventure is a great activity for older children to do while younger children are participating in the Summer Discovery Farm.

Geocaching is a high-tech treasure hunt game.

Participants search for hidden caches on the farm, using the latitude and longitude coordinates that have been entered into their GPS (Global Positioning System) unit. The GPS units will be provided for your summer farm adventure. While it may sound easy, geocaching can be challenging as participants have to solve riddles, follow compass directions and search for clues before finding the cache. Geocaching is a great activity for families, summer camp groups, corporate team building or school groups.

Cost: \$8.00 per person
Recommended ages 10 and up
Closed July 4 and Labor Day

Includes:
Geocaching instruction,
Treasure Hunt,
and kids' ice cream or water.
