

Growing Healthy Traditions

**GROWING  
THEM**

and  
**KNOWING  
THEM**

for  
**THREE  
GENERATIONS**

**Patterson Farm** grows and packs produce for grocery stores, wholesalers, fresh markets and other outlets. With three-quarters of a century growing and packing a variety of produce, we understand quality. Patterson Farm Fresh is a natural extension our farming operation, specializing in:

- Overwrap
- Layered boxes
- Bulk boxes
- Clams
- Tomatoes
- Squash
- Zucchini
- Peppers

Patterson Farm Repack is equipped to meet a variety of needs. We use quality Patterson Farm, Inc. produce in season. And our strong relationships with regional growers and shippers provide customers the highest quality produce year-round.

## Quality First

Patterson Farm believes strongly in providing the safest, healthiest produce possible. We train all employees using the GAPs (Good Agricultural Practices) program, which is a set of recommendations that can help improve the quality and safety of the produce grown. These general guidelines have been adapted into our production system.
