Our Poinsettia History

Patterson Farm Inc. has been a proud grower of beautiful Poinsettias for nearly 40 years. As with our produce, we take pride in providing you with the highest quality plants. Each Poinsettia that we grow receives individual attention, resulting in full, beautiful blooms. You won't believe the difference between our plants fresh from the greenhouse and those you see in stores.

Order Red or White Poinsettias in 6-inch pots, custom wrapped in green or gold.

*Poinsettias available

"We love the fresh selection of Poinsettias at Christmas time from Patterson Farm! This is a wonderful fundraiser for our school as well as a great way for the community to buy gifts for family and friends. They are always beautiful and live long after the holiday season! We look forward to Patterson Poinsettias every year!"
