Patterson Farm, Inc.

Proud Poinsettia Growers Since 1976

As with our produce, we take pride in providing you with the highest quality plants. Each poinsettia that we grow receives individual attention, resulting in full, beautiful blooms. You won't believe the difference between our plants fresh from the greenhouse and those you see in stores.

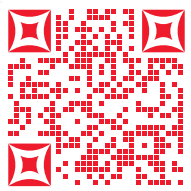

DELIVERY FEE

21-30 miles - \$65, 31-40 miles - \$85
41-50 miles - \$100, 51-60 miles - \$125

Delivery is not available beyond 60 miles. Delivery distance is based on the standard one-way driving distance from Patterson Farm's greenhouse to the delivery address. Standard delivery includes unloading, order verification, and placement at one designated, accessible location.

Christmas time from Patterson Farm! This is a
wonderful fundraiser for our school as well as a
great way for the community to buy gifts for family
and friends. They are always beautiful and live
long after the holiday season! We look forward to
